Major design and functional changes

STEP 1

New logo

We decided to change the logo that will suit our name and functionality of the site

STEP 2

New color filter

They changed from plain white and black to brighter blue with the preservation of minimalist colors

STEP 3

New features

With the new design, a large selection of different color filters opens up, and new functionality is provided

STEP 4

New functionality

In addition to the design, we have radically changed and revised the functionality of our site, now, in addition to one application, we will provide access to little-known applications

STEP 5

Changes in the team

A new member of our team - Arsen Moldakulov

Future

Thats our plans for future functionality and ReDesign

ACCESSORIES

Add new accesories for Tools

TIME-SAVING OPPORTUNITIES

Help students to find and add for them new helpful softwares and links to usefull websites

ADD TOOLS AND FUNCTIONALITY

Develop our functionality
